MONITORING REVIEW**

The Department of Children and Family Services (DCFS) Out-of-Home Care Management Division (OHCMD) conducted a review of Eggleston Youth Center (Eggleston) in December 2011, at which time they had two six-bed sites and one 34-bed site. Seven Los Angeles County Department of Children and Family Services' (DCFS) children and 35 Los Angeles County Probation Department male youth were placed with the agency at that time.

Eggleston has three sites located in the First Supervisorial District. Eggleston provides services to DCFS' foster and Probation youth. According to Eggleston's program statement, its stated purpose is to "provide foster youth with opportunities to develop into emotionally healthy and successful individuals." Eggleston is licensed to serve a capacity of 46 male children, ages 12 through 17.

For the purpose of this review, three DCFS and one Probation placed youth were interviewed, and their case files were reviewed. The placed children's overall average length of placement was three months, and the average age was 16. Three discharged children's files were reviewed to determine if the destination of placement was per their permanency plan and if the children were meeting their Needs and Services Plan (NSP)

goals at the time of discharge. Three staff files were reviewed for compliance with Title 22 Regulations and County contract requirements.

Two children were prescribed psychotropic medication. We reviewed their case files to assess timeliness of Psychotropic Medication Authorizations (PMAs) and to confirm that documentation of psychiatric monitoring was maintained as required.

SCOPE OF REVIEW

The purpose of this review was to assess Eggleston's compliance with the County contract and State regulations. The visit included a review of Eggleston's program statement, administrative internal policies and procedures, four children's case files, and a random sampling of personnel files. Visits were made to the site to assess the quality of care and supervision provided to children, and we conducted interviews with children to assess the care and services they were receiving.

A copy of this report has been sent to the Auditor-Controller (A-C) and Community Care Licensing (CCL).

SUMMARY

Generally, interviewed children reported feeling safe at Eggleston. They also reported that they were provided with good care and appropriate services, being comfortable in their environment, and were treated with respect and dignity.

Our review of Eggleston identified no concerns. Therefore, no Corrective Action Plan (CAP) was required.

NOTABLE FINDINGS

- There were no notable findings.

FOLLOW-UP FROM OHCMD'S PRIOR MONITORING REVIEW

Objective

Determine the status of the recommendations reported in OHCMD's prior monitoring review.

Verification

We verified whether the outstanding recommendations from our prior review were implemented. The last report was issued November 11, 2010.

Results

The OHCMD's prior monitoring report contained two outstanding recommendations. Specifically, Eggleston was to assist the placed children to identify, develop and maintain important relationships that are in the child's best interest and consistent with the DCFS case plan. In addition, Eggleston was to ensure that discharged children meet their NSP goals prior to discharge. Based on our follow-up of these recommendations, Eggleston fully implemented the recommendations.

MOST RECENT FISCAL REVIEW CONDUCTED BY THE AUDITOR-CONTROLLER

The Auditor-Controller (A-C) issued a report dated June 5, 2009. The fiscal review identified \$37,806 in disallowed costs and \$43,842 in unsupported/inadequately supported costs. Additionally, DCFS records identified \$131,855.04 in overpayments made to Eggleston. DCFS' Fiscal Monitoring Section is monitoring Eggleston's compliance with the payment agreement.
